

# Uninstalling Internet Explorer 9

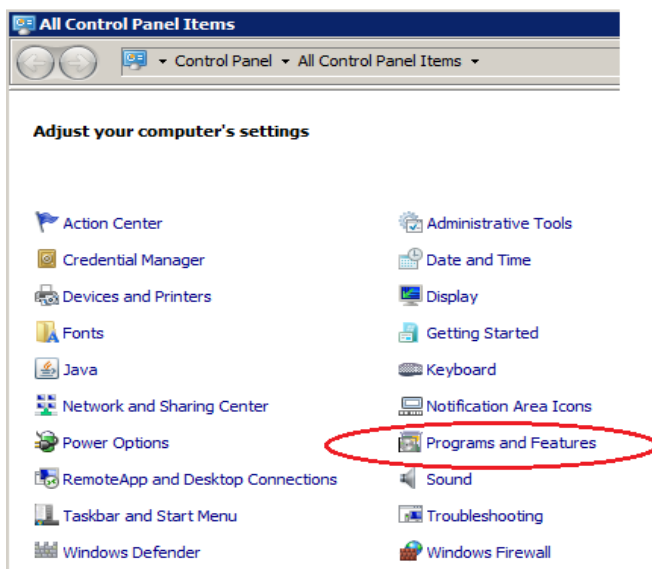

May 15, 2012

Internet Explorer 9 (IE9) is not currently supported by Philips Healthcare for viewing images from OCI. It is our recommendation that you remove IE9 from your system. Below you will find instructions for the removal process. As of the writing of this document, IE9 is only available on the windows 7 operating system.

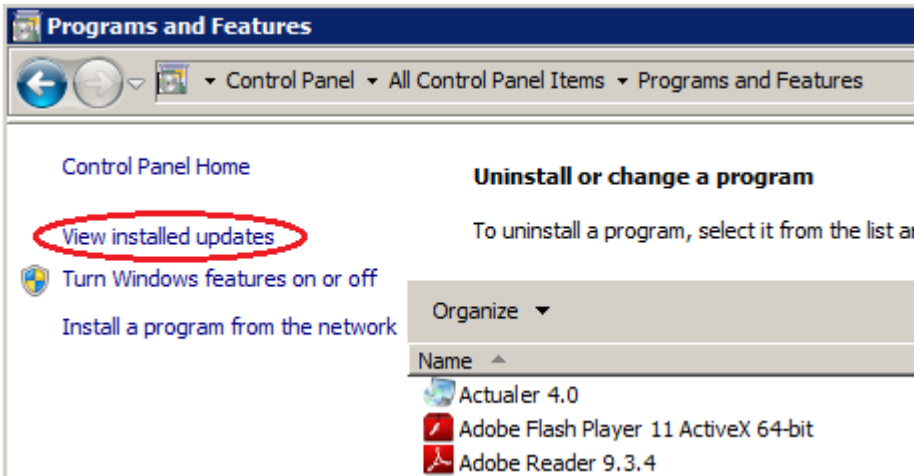

Step 1) Click on your Start button, and then click on control panel

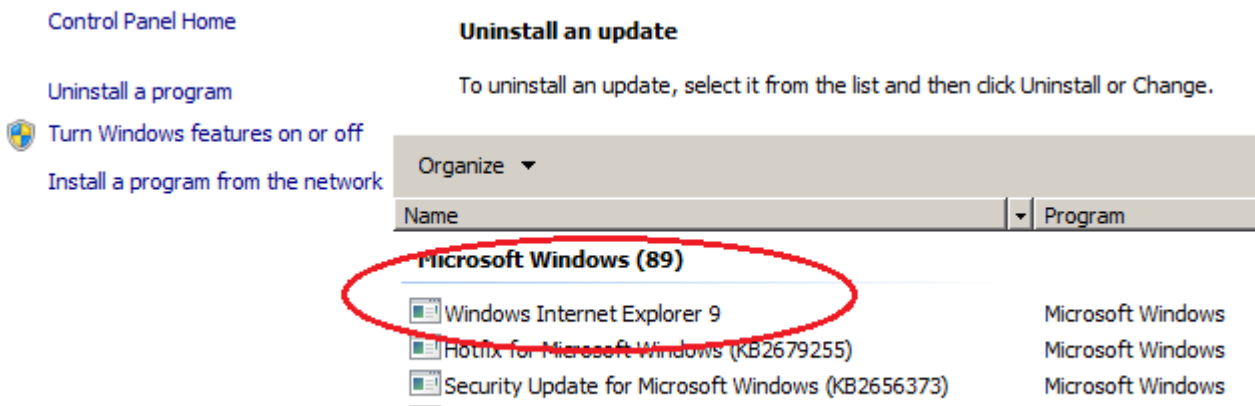

Step 2) Click on "Programs and Features"

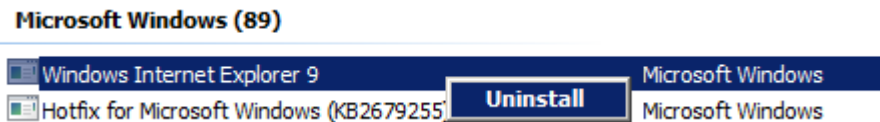

Step 3) Click on view installed updates.

Step 4) Scroll down the list of updates until you find Windows Internet Explorer 9

Step 5) **Right** click on Windows Internet Explorer 9, and select uninstall.

Step 6) Reboot your computer
